The bestselling international classic on storytelling and visual communication

"You must read this book." — Neil Gaiman

Praised throughout the cartoon industry by such luminaries as Art Spiegelman, Matt Groening, and Will Eisner, Scott McCloud's *Understanding Comics* is a seminal examination of comics art: its rich history, surprising technical components, and major cultural significance. Explore the secret world between the panels, through the lines, and within the hidden symbols of a powerful but misunderstood art form.
