This is a book about a distinctive methodological approach inspired by one of Canada's most respected scholars. Institutional ethnography - Wikipedia Institutional ethnography (IE) is a method of social research. IE explores the social relations that structure people's everyday lives, specifically by looking at the ways that people interact with one another in the context of social institutions (school, marriage, work, for example) and understanding how those interactions are institutionalized.

On the Social Relations of Research: A Critical Assessment ... Institutional ethnography (IE) is a method of inquiry that problematizes social relations at the local site of lived experience and examines how textual sequences coordinate consciousness and ruling relations. This article explicates some of the shortcomings of IE, so future institutional ethnographers can work with these. Under New Public Management: Institutional Ethnographies ...
